2016 City of Raleigh Community Survey

Executive Summary

Purpose and Methodology

ETC Institute administered a survey to residents of the City of Raleigh during the winter of 2016. The purpose of the survey was to help the City of Raleigh gather input from the community on a wide range of issues impacting the overall quality of life. As the City continues to grow, leaders understand it is important to strategically plan for the future.

The seven-page survey, cover letter and postage paid return envelope were mailed to a random sample of households in the City of Raleigh. The cover letter explained the purpose of the survey and encouraged residents to either return their survey by mail or complete the survey online. At the end of the online survey, residents were asked to enter their home address, this was done to ensure that only responses from residents who were part of the random sample were included in the final survey database.

Ten days after the surveys were mailed, ETC Institute sent emails and placed phone calls to the households that received the survey to encourage participation. The emails contained a link to the on-line version of the survey to make it easy for residents to complete the survey. To prevent people who were not residents of Raleigh from participating, everyone who completed the survey on-line was required to enter their home address prior to submitting the survey. ETC Institute then matched the addresses that were entered on-line with the addresses that were originally selected for the random sample. If the address from a survey completed on-line did not match one of the addresses selected for the sample, the on-line survey was not counted.

The goal was to obtain completed surveys from at least 1000 residents. The goal was exceeded with a total of 1202 residents completing the survey. The overall results for the sample of 1202 households have a precision of at least $\pm 2.8\%$ at the 95% level of confidence. The map to the right shows the location of all survey respondents.

The percentage of “don’t know” responses has been excluded from many of the graphs shown in this report to facilitate valid comparisons of the results from Raleigh with the results from other communities in ETC Institute’s *DirectionFinder*® database. Since the number of “don’t know” responses often reflects the utilization and awareness of city services, the percentage of “don’t know” responses has been provided in the tabular data section of this report. When the “don’t know” responses have been excluded, the text of this report will indicate that the responses have been excluded with the phrase “*who had an opinion.*”

This report contains:

- An executive summary of the methodology for administering the survey and major findings,
- charts showing the overall results for most questions on the survey,
- benchmarking data that shows how the results for Raleigh compare to other communities,
- importance-satisfaction analysis; this analysis was done to determine priority actions for the City to address based upon the survey results ,
- tables that show the results of the random sample for each question on the survey,
- a copy of the survey instrument.
- A separate appendix was created with cross-tabular data, this appendix shows how different key demographic groups answered different survey questions.

Overall Perceptions of the City

Sixty-eight percent (68%) of the residents surveyed, *who had an opinion*, indicated the overall quality of services provided by the City are “excellent” or “good”. Ninety-one percent (91%) of those surveyed, *who had an opinion*, indicated the City of Raleigh as a place to live is “excellent” or “good”. Respondents, *who had an opinion*, also gave positive ratings regarding the overall image of Raleigh (89%) and the overall quality of life in Raleigh (89%). Based on the sum of respondents’ top three choices, the three aspects of quality of life in the City that should receive the most emphasis from City leaders over the next two years include: how well the City is managing growth (52%), the value received for City tax dollars and fees (36%), and the City’s responsiveness to emerging needs (27%).

Overall Satisfaction with City Services

The major categories of City services that received the highest ratings, based upon the combined percentage of “excellent” and “good” responses among residents *who had an opinion*, were: the overall quality of fire services (92%), overall quality of parks and recreation programs and services (85%), overall quality of police services (79%), and the overall quality of water utilities (71%). Respondents were least satisfied with the overall traffic flow in Raleigh (28%). Based on the sum of respondents’ top three choices, the three City services that should receive the most emphasis from City leaders over the next two years include: overall flow of traffic in Raleigh (71%), overall maintenance of City streets (55%), and the overall quality of police services (34%).

Feelings of Safety

Eighty-five percent (85%) of respondents, *who had an opinion*, feel either “very safe” or “safe” when rating their overall feeling of safety in City. Ninety-two percent (92%) of residents, *who had an opinion*, indicated feel either “very safe” or “safe” when rating the overall feeling of safety in their neighborhood during the day. Respondents, *who had an opinion*, indicated they felt the least safe in downtown Raleigh at night (48%). Based on the sum of respondents’ top two choices, the two perceptions of safety that should receive the most emphasis from City leaders over the next two years include: the feeling of safety in downtown Raleigh at night (54%) and the feeling of safety in City parks and greenways (46%).

Satisfaction with Specific City Services

- **City Maintenance.** The highest ratings of City maintenance services, based upon the combined percentage of “excellent” and “good” responses among residents *who had an opinion*, were: the cleanliness of your neighborhood (77%), overall cleanliness of Raleigh (70%), and the cleanliness of downtown Raleigh (67%). The aspect of City maintenance that respondents were least satisfied with is the enforcement of junk and debris cleanup on private property (36%).
 - Based on the sum of respondents’ top two choices, the two maintenance services that should receive the most emphasis from City leaders over the next two years include: the overall condition of major City streets (43%) and the enforcement of junk and debris cleanup on private property (29%).
- **Transportation and Parking.** The highest ratings of City transportation and parking services, based upon the combined percentage of “excellent” and “good” responses among residents *who had an opinion*, were: the availability of sidewalks in your neighborhood (62%), the availability of sidewalks in Raleigh (58%), and the availability of bicycle lanes (40%). The aspect of City transportation and parking services that respondents were least satisfied with is the availability of downtown parking (34%).
 - Based on the sum of respondents’ top two choices, the two transportation and parking items that should receive the most emphasis from City leaders over the next two years include: the availability of downtown parking (46%) and the quality of downtown parking (34%).
- **Mobility and the City Bus System.** The highest ratings of mobility within the City and the City bus system, based upon the combined percentage of “excellent” and “good” responses among residents *who had an opinion*, were: the cleanliness of GoRaleigh buses (53%), walking to places in Raleigh (45%), and the overall quality of GoRaleigh bus system (43%).
 - Seventy-six percent (76%) of respondents indicated they have not used the GoRaleigh bus system in the past 12 months. Eighteen percent (18%) have used the GoRaleigh bus system “rarely” in the past 12 months, and 4% indicated they use it “frequently” or “very frequently”.

- The primary reason respondents gave as to why they do not use the GoRaleigh bus system is that they “prefer to drive” (63%). Sixteen percent (16%) indicated the system “does not serve the areas they need it to visit”, 3% indicated “services are not provided during the days and hours I would use it”, and 4% indicated “buses do not come frequently enough”.
 - When asked about alternative transportation modes, respondents indicated in very high numbers they have “rarely” or “never” biked or walked instead of driving or used greenways as a mode of transportation. Based upon the combined percentage of “very frequently” and “frequently” responses, among residents *who had an opinion*, 20% of respondents have biked or walked instead of driving and 11% have used City greenways as a mode of transportation.
- **City Services.** The highest ratings of City services, based upon the combined percentage of “excellent” and “good” responses among residents *who had an opinion*, were: the response time for fire services (85%), residential garbage collection services (84%), and residential curbside recycling services (82%). The aspect of City services that respondents were least satisfied with is development review services (39%).
 - Based on the sum of respondents’ top three choices, the three City services that should receive the most emphasis from City leaders over the next two years include: overall efforts to protect natural resources (37%) the efforts in protection and improving water quality (32%), and the overall police relationship with the community (28%).
- **Housing and Community Performance.** The highest ratings of the City’s housing and community performance, based upon the combined percentage of “excellent” and “good” responses among residents *who had an opinion*, were: the openness and acceptance of diverse background (63%), the neighborliness of residents (62%), and the variety of housing options (55%).
- **Cultural, Recreation, and Park Amenities.** The highest ratings of the City’s cultural, recreation, and park amenities, based upon the combined percentage of “excellent” and “good” responses among residents *who had an opinion*, were: quality of city entertainment venues (84%), variety of arts and cultural programs (82%), and the availability of arts and cultural programs (80%). The aspect of City cultural, recreation, and park amenities that respondents were least satisfied with is the cost of arts and cultural programs (65%).
 - Based on the sum of respondents’ top two choices, the two cultural, recreation, and park amenities that should receive the most emphasis from City leaders over the next two years include: the ability to support a healthy and active lifestyle (26%) and the cleanliness of City parks (23%).
- **Specific Areas of Customer Service.** The highest ratings of the City’s customer service based upon the combined percentage of “excellent” and “good” responses among residents *who had an opinion*, were: the Parks, Recreation, and Cultural Resources Department (75%), the

City Utility Billing and Payment Department (69%), and the solid waste department (68%). The aspect of customer service that respondents were least satisfied with is the Development Services department (52%).

- Overall, respondents were satisfied with the ability to access the information they need, and the overall knowledge of City employees.
- **Ease of Various City Processes.** The highest ratings of various City processes based upon the combined percentage of “very easy” or “easy” responses among residents *who had an opinion*, were: paying City utility bill (83%), paying fees for parks and recreation programs (69%), and paying for other City fees, fares and/or fines (64%). The City process that respondents were least satisfied with was contacting City of Raleigh employees (50%).
 - Based on the sum of respondents’ top two choices, the two City processes that should receive the most emphasis from City leaders over the next two years include: locating information on the City website (34%) and contacting City of Raleigh employees (33%).
- Respondents were asked to rate how often they have done the following from a list of 14 different actions. The items that were done most frequently based upon the combined percentage of “very frequently” and “frequently” responses among residents *who had an opinion*, were: visited a City park or greenway (66%), attended an event at a City entertainment venue (45%), and contacted a City of Raleigh employee or visited the website to seek services, find information, or file a complaint (31%). Out of respondents who had actually completed the task, the least frequently completed task was contacting the Raleigh Fire Department (5%). Attended a Citizens Advisory Council (CAC) meeting was the item that received the most “never” responses among residents *who had an opinion*.

How the City of Raleigh Compares to Other Communities

ETC institute performed benchmarking analysis comparing the City of Raleigh's results to our national *DirectionFinder*® database. It should be noted that the national *DirectionFinder*® database results were taken from a random sample of nearly 4,000 respondents within the continental United States during the fall of 2016. Benchmarking community survey data gives City Leaders the ability to gauge current public perception, and use these results to improve upon existing performance. Knowing how well the City stacks up to the nation and to regional communities can be a valuable resource in pinpointing problem areas, or exploiting areas in which the City is excelling. Overall, the City of Raleigh performed very well compared to both the regional and U.S. averages. The following pages briefly summarize the benchmarking comparisons, a full breakdown of these benchmarks can be found in Section 2 of this report.

How the City of Raleigh Compares to Other Communities Nationally

Satisfaction ratings for The City of Raleigh **rated the same as or above the U.S. average in 37 of the 40 areas** that were assessed. The City of Raleigh rated significantly higher than the U.S. average (difference of 5% or more) in 32 of these areas. Listed below are the comparisons between the City of Raleigh and the U.S. average:

Service	Raleigh	U.S	Difference	Category
Overall image of Raleigh	90%	55%	35%	Quality of Life
In Raleigh overall	85%	51%	33%	Feeling of Safety
Ability to access the City information you need	66%	33%	33%	Overall Services
Quality of customer service you receive	69%	36%	33%	Overall Services
Residential yard waste collection services	71%	41%	30%	City Services
Condition of streets in your neighborhood	65%	36%	29%	Maintenance
In your neighborhood at night	76%	49%	27%	Feeling of Safety
Overall quality of life in Raleigh	88%	63%	26%	Quality of Life
Quality of services provided by the City	68%	45%	23%	Quality of Life
Overall quality of parks & rec programs & services	85%	63%	22%	Overall Services
Raleigh as a place to raise children	87%	66%	21%	Quality of Life
Quality of police services	79%	59%	21%	Overall Services
Effectiveness of communication with the public	58%	38%	21%	Overall Services
Raleigh as a place to live	91%	71%	20%	Quality of Life
Value you receive for your City tax dollars & fees	50%	31%	19%	Quality of Life
Overall cleanliness of Raleigh	70%	54%	17%	Maintenance
Raleigh as a place to work	87%	71%	16%	Quality of Life
Response time for police services	69%	54%	15%	City Services
Residential curbside recycling services	82%	68%	14%	City Services
Condition of sidewalks in your neighborhood	60%	46%	14%	Maintenance
Enforcement of City codes & ordinances	54%	40%	14%	Overall Services
Overall maintenance of City streets	48%	35%	14%	Overall Services
Direction that the City of Raleigh is taking	69%	59%	11%	Quality of Life
Quality of fire services	92%	81%	11%	Overall Services
Cleanliness of City parks	78%	68%	10%	Maintenance
In City parks & greenways	67%	58%	10%	Feeling of Safety
Residential garbage collection services	83%	76%	8%	City Services
In downtown Raleigh during the day	88%	81%	8%	Feeling of Safety
How well the City is managing growth	40%	33%	8%	Quality of Life
Raleigh as a place to retire	68%	62%	6%	Quality of Life
Wastewater services provided	69%	64%	5%	City Services

Overall quality of water utilities	71%	68%	4%	Overall Services
Quality of drinking water provided	69%	65%	4%	City Services
Overall condition of major City streets	46%	43%	3%	Maintenance
Response time for fire services	86%	84%	1%	City Services
In your neighborhood during the day	91%	91%	1%	Feeling of Safety
Overall traffic flow in Raleigh	28%	30%	-3%	Overall Services
Management of public stormwater runoff/drainage	53%	56%	-3%	Overall Services
Enforcement of junk & debris cleanup	36%	42%	-6%	Maintenance

Investment Priorities

Recommended Priorities for the Next Two Years. In order to help the City identify investment priorities for the next two years, ETC Institute conducted an Importance-Satisfaction (I-S) analysis. This analysis examined the importance residents placed on each City service and the level of satisfaction with each service. By identifying services of high importance and low satisfaction, the analysis identified which services will have the most impact on overall satisfaction with City services over the next two years. If the City wants to improve its overall satisfaction rating, the City should prioritize investments in services with the highest Importance Satisfaction (I-S) ratings. Details regarding the methodology for the analysis are provided in the Section 3 of this report.

Overall Priorities for the City by Major Category. This analysis reviewed the importance of and satisfaction with major categories of City services. This analysis was conducted to help set the overall priorities for the City. Based on the results of this analysis, the major services that are recommended as the top priorities for investment over the next two years in order to raise the City's overall satisfaction rating are listed below:

- Overall traffic flow in Raleigh (IS Rating=0.5155)
- Overall maintenance of City streets (IS Rating=0.2833)

The table below shows the importance-satisfaction rating for all 10 major categories of City services that were rated.

2016 Importance Satisfaction Rating City of Raleigh Major Categories of City Services						
Category of Service	Most Important %	Most Important Rank	Satisfaction %	Satisfaction Rank	Importance-Satisfaction Rating	I-S Rating Rank
Very High Priority (IS > .20)						
Overall traffic flow in Raleigh	71%	1	28%	10	0.5155	1
Overall maintenance of City streets	55%	2	48%	9	0.2833	2
High Priority (IS .10-.20)						
None						
Medium Priority (IS < .10)						
Management of public stormwater runoff/drainage	19%	6	53%	8	0.0871	3
Effectiveness of communication with the public	21%	4	58%	6	0.0869	4
Quality of police services	34%	3	79%	3	0.0700	5
Enforcement of City codes & ordinances	13%	9	54%	7	0.0586	6
Overall quality of water utilities	18%	7	71%	4	0.0518	7
Quality of customer service you receive	14%	8	69%	5	0.0435	8
Overall quality of parks & rec programs & services	19%	5	85%	2	0.0283	9
Quality of fire services	7%	10	92%	1	0.0061	10

Benchmarking Analysis

DirectionFinder Survey

Year 2017 Benchmarking Summary Report

Overview

ETC Institute's *DirectionFinder*® program was originally developed in 1999 to help community leaders use statistically valid community survey data as a tool for making better decisions. Since November 1999, the survey has been administered in more than 250 cities and counties in 43 states. Most participating communities conduct the survey on an annual or biennial basis.

This report contains benchmarking data from two sources: (1) a national survey that was administered by ETC Institute during the fall of 2016 to a random sample of more than 2,000 residents in the continental United States living in cities with a population of more than 250,000 residents and (2) survey results from 26 large communities (population of more than 200,000 residents) where ETC Institute administered the *DirectionFinder*® survey between January 2013 and December 2016. The results from individual communities were used as the basis for developing the range of performance. The communities included in the performance comparisons that are shown in this report are listed below:

- Arlington County, VA
- Austin, TX
- Dallas, TX
- Des Moines, IA
- Durham (City), NC
- Durham County, NC
- Fayetteville, NC
- Fort Lauderdale, FL
- Fort Worth, TX
- Henderson, NV
- Johnson County, KS
- Kansas City, MO
- King County, WA
- Las Vegas, NV
- Mecklenburg County, NC
- Oklahoma City, OK
- Plano, TX
- Raleigh, NC
- Reno, NV
- Richmond, VA
- San Antonio, TX
- San Diego, CA
- San Francisco, CA
- Tempe, AZ
- Tulsa, OK
- Yuma County, AZ

There are two sets of charts in this report:

- The **first set** shows how the results for the City of Raleigh compare to the national average for large U.S. cities. The blue bar shows the results for the City of Raleigh. The green bar shows the results of a national survey that was administered by ETC Institute to a random sample of more than 2,000 U.S. residents living in cities with a population of more than 250,000 residents during the fall of 2016.
- The **second set** shows how the results for the City of Raleigh compare to the range of performance for other large U.S. communities where ETC Institute has administered a *DirectionFinder*® survey since 2013. A total of 26 large U.S. communities were included in this analysis (these communities are listed on the previous page). The horizontal blue bar shows the range of performance for each of the areas that were surveyed. The percentage on the left shows the results for the worst performing community. The percentage on the right shows the results for the best performing community. The yellow dot shows the results for the City of Raleigh. The green vertical bar shows the average for the 26 large communities.

National Benchmarks

Importance Satisfaction Analysis

Importance-Satisfaction Analysis

City of Raleigh, North Carolina

Overview

Today, City officials have limited resources which need to be targeted to activities that are of the most benefit to their citizens. Two of the most important criteria for decision making are (1) to target resources toward services of the highest importance to citizens; and (2) to target resources toward those services where citizens are the least satisfied.

The Importance-Satisfaction (IS) rating is a unique tool that allows public officials to better understand both of these highly important decision making criteria for each of the services they are providing. The Importance-Satisfaction rating is based on the concept that public agencies will maximize overall customer satisfaction by emphasizing improvements in those areas where the level of satisfaction is relatively low and the perceived importance of the service is relatively high.

Overview

The rating is calculated by summing the percentage of responses for items selected as the first, second, and third most important services for the City to provide. The sum is then multiplied by 1 minus the percentage of respondents who indicated they were positively satisfied with the City's performance in the related area (the sum of the ratings of 4 and 5 on a 5-point scale excluding "Don't Know" responses). "Don't Know" responses are excluded from the calculation to ensure the satisfaction ratings among service categories are comparable. $[IS = \text{Importance} \times (1 - \text{Satisfaction})]$.

Example of the Calculation: Respondents were asked to identify the major categories of city services they thought should receive the most emphasis over the next two years. Seventy-one percent (71%) of respondents selected *overall traffic flow in Raleigh* as one of the most important services for the City to provide.

With regard to satisfaction, 28% of respondents surveyed rated the City's overall performance in the *overall traffic flow in Raleigh* as a "4" or "5" on a 5-point scale (where "5" means "Very Satisfied") excluding "Don't Know" responses. The I-S rating for *overall traffic flow in Raleigh* was calculated by multiplying the sum of the most important percentages by 1 minus the sum of the satisfaction percentages. In this example 71% was multiplied by 72% (1-0.28). This calculation yielded an I-S rating of 0.5155 which ranked first out of 10 major service categories.

The maximum rating is 1.00 and would be achieved when 100% of the respondents select an item as one of their top three choices to emphasize over the next two years and 0% indicate they are positively satisfied with the delivery of the service.

The lowest rating is 0.00 and could be achieved under either of the following two situations:

- If 100% of the respondents were positively satisfied with the delivery of the service
- If none (0%) of the respondents selected the service as one for the three most important areas for the City to emphasize over the next two years.

Interpreting the Ratings

Ratings that are greater than or equal to 0.20 identify areas that should receive significantly more emphasis over the next two years. Ratings from 0.10 to 0.20 identify service areas that should receive increased emphasis. Ratings less than 0.10 should continue to receive the current level of emphasis.

- *Definitely Increase Emphasis* ($IS \geq 0.20$)
- *Increase Current Emphasis* ($0.10 \leq IS < 0.20$)
- *Maintain Current Emphasis* ($IS < 0.10$)

The results for the City of Raleigh are provided on the following pages.

2016 Importance Satisfaction Rating

City of Raleigh

Major Categories of City Services

Category of Service	Most Important %	Most Important Rank	Satisfaction %	Satisfaction Rank	Importance-Satisfaction Rating	I-S Rating Rank
<u>Very High Priority (IS >.20)</u>						
Overall traffic flow in Raleigh	71%	1	28%	10	0.5155	1

Survey Instrument

La Ciudad de Raleigh, de Carolina del Norte
Oficina del Alcalde
Oficina del Gerente Municipal

Estimado Residente de la Ciudad de Raleigh:

Gracias a usted la Ciudad de Raleigh sigue siendo una de las comunidades más vibrantes y deseables en los Estados Unidos. A medida que continuamos creciendo y enfrentando nuevos desafíos es importante de continuar planificando estratégicamente para nuestro futuro.

Una parte importante de este proceso de planificación consiste en recaudar información de la comunidad sobre una amplia gama de asuntos que impactan nuestra calidad de vida. Queremos que usted participe en este proceso tomando unos minutos para completar la Encuesta de la Comunidad de Raleigh de 2016.

Favor de devolver su encuesta completada en el sobre con franqueo pagado en los próximos 10 días al ETC Institute. Si prefiere completar la encuesta en línea, puede hacerlo con la siguiente dirección de internet: www.raleigh2016survey.org. Cualquier información que pueda ser utilizada para identificar las respuestas individuales de la encuesta será confidencial.

City of Raleigh, North Carolina
Office of the Mayor
Office of the City Manager

Dear Raleigh City Resident:

Thanks to you, Raleigh remains one of the most vibrant and desirable communities in the United States. As we continue to grow and meet new challenges, it is important that we also continue to strategically plan for our future.

An important part of this planning process involves gathering input from the community on a wide range of issues impacting our quality of life. We want you to be a part of this process by taking a few minutes to complete the enclosed 2016 Raleigh Community Survey.

Please return your completed survey in the enclosed postage-paid envelope within the next 10 days to ETC Institute. If you prefer to complete the survey online, you can do so at the following web address: www.raleigh2016survey.org. Any information that could be used to identify individual survey responses will remain confidential.

If you have any questions about this survey, please call the City of Raleigh's Budget and Management Services Department at 919-996-4270.

Thank you for helping create an even better city!

Sincerely,

A handwritten signature in black ink that reads "Nancy McFarlane".

Nancy McFarlane
Mayor

A handwritten signature in black ink that reads "Rufin L. Hall".

Rufin L. Hall
City Manager

2016 City of Raleigh Community Survey

Your input is an important part of the City's on-going effort to identify and respond to the needs of the community. Please have an adult (age 18 or older) fill out the survey. Select the response by circling the option that most closely represents your opinion for each question. You may also complete this survey online at www.raleigh2016survey.org. If you have questions while completing this survey, please contact the City's Budget and Management Services Department at 919-996-4270. Thank you!
